# **INTRODUCTION**

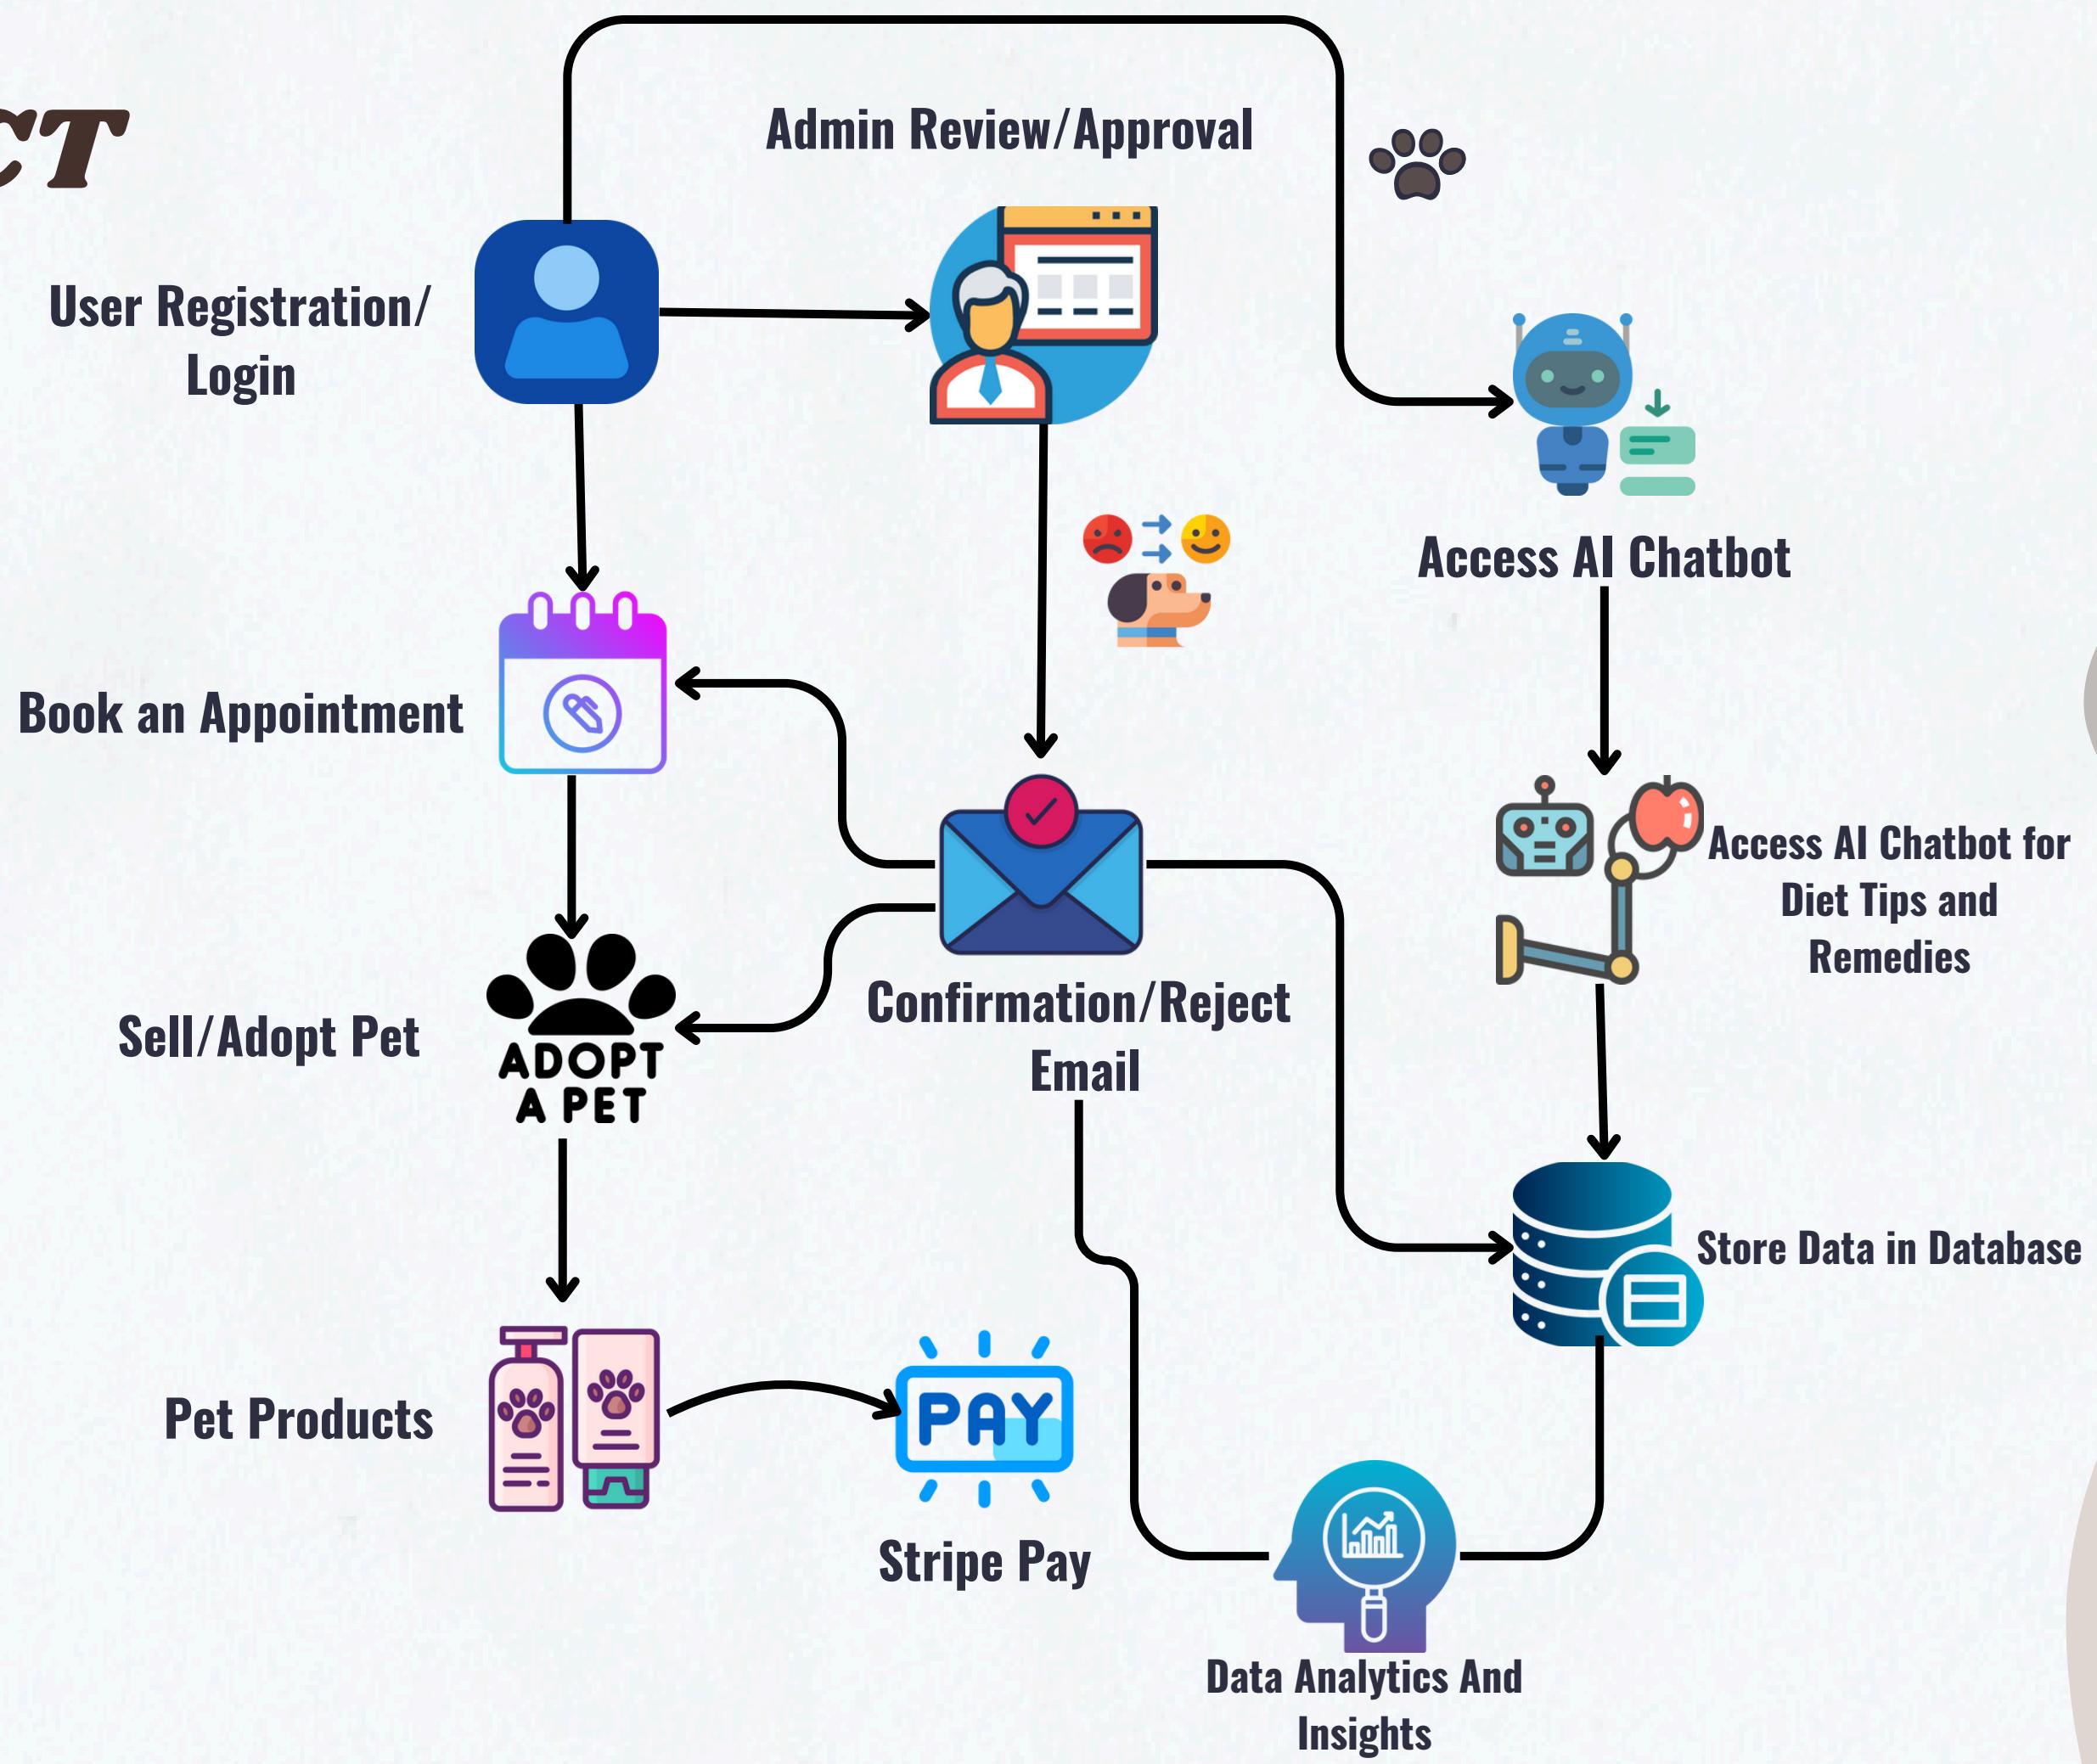

Paw Connect is a web-based platform designed to connect pet lovers with pet shop services in a smart and efficient way. The system supports two roles: User and Admin.

Users can securely sign up using email OTP or Google login, and access a personalized dashboard where they can:

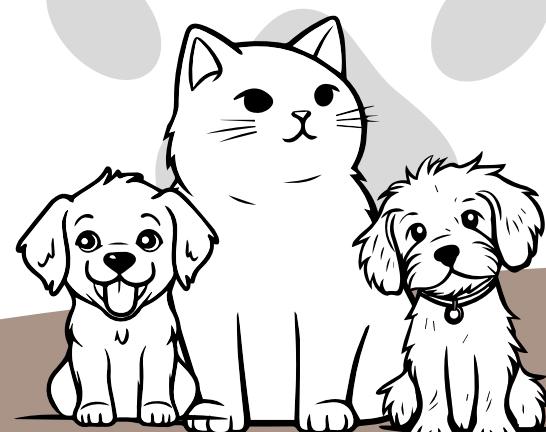

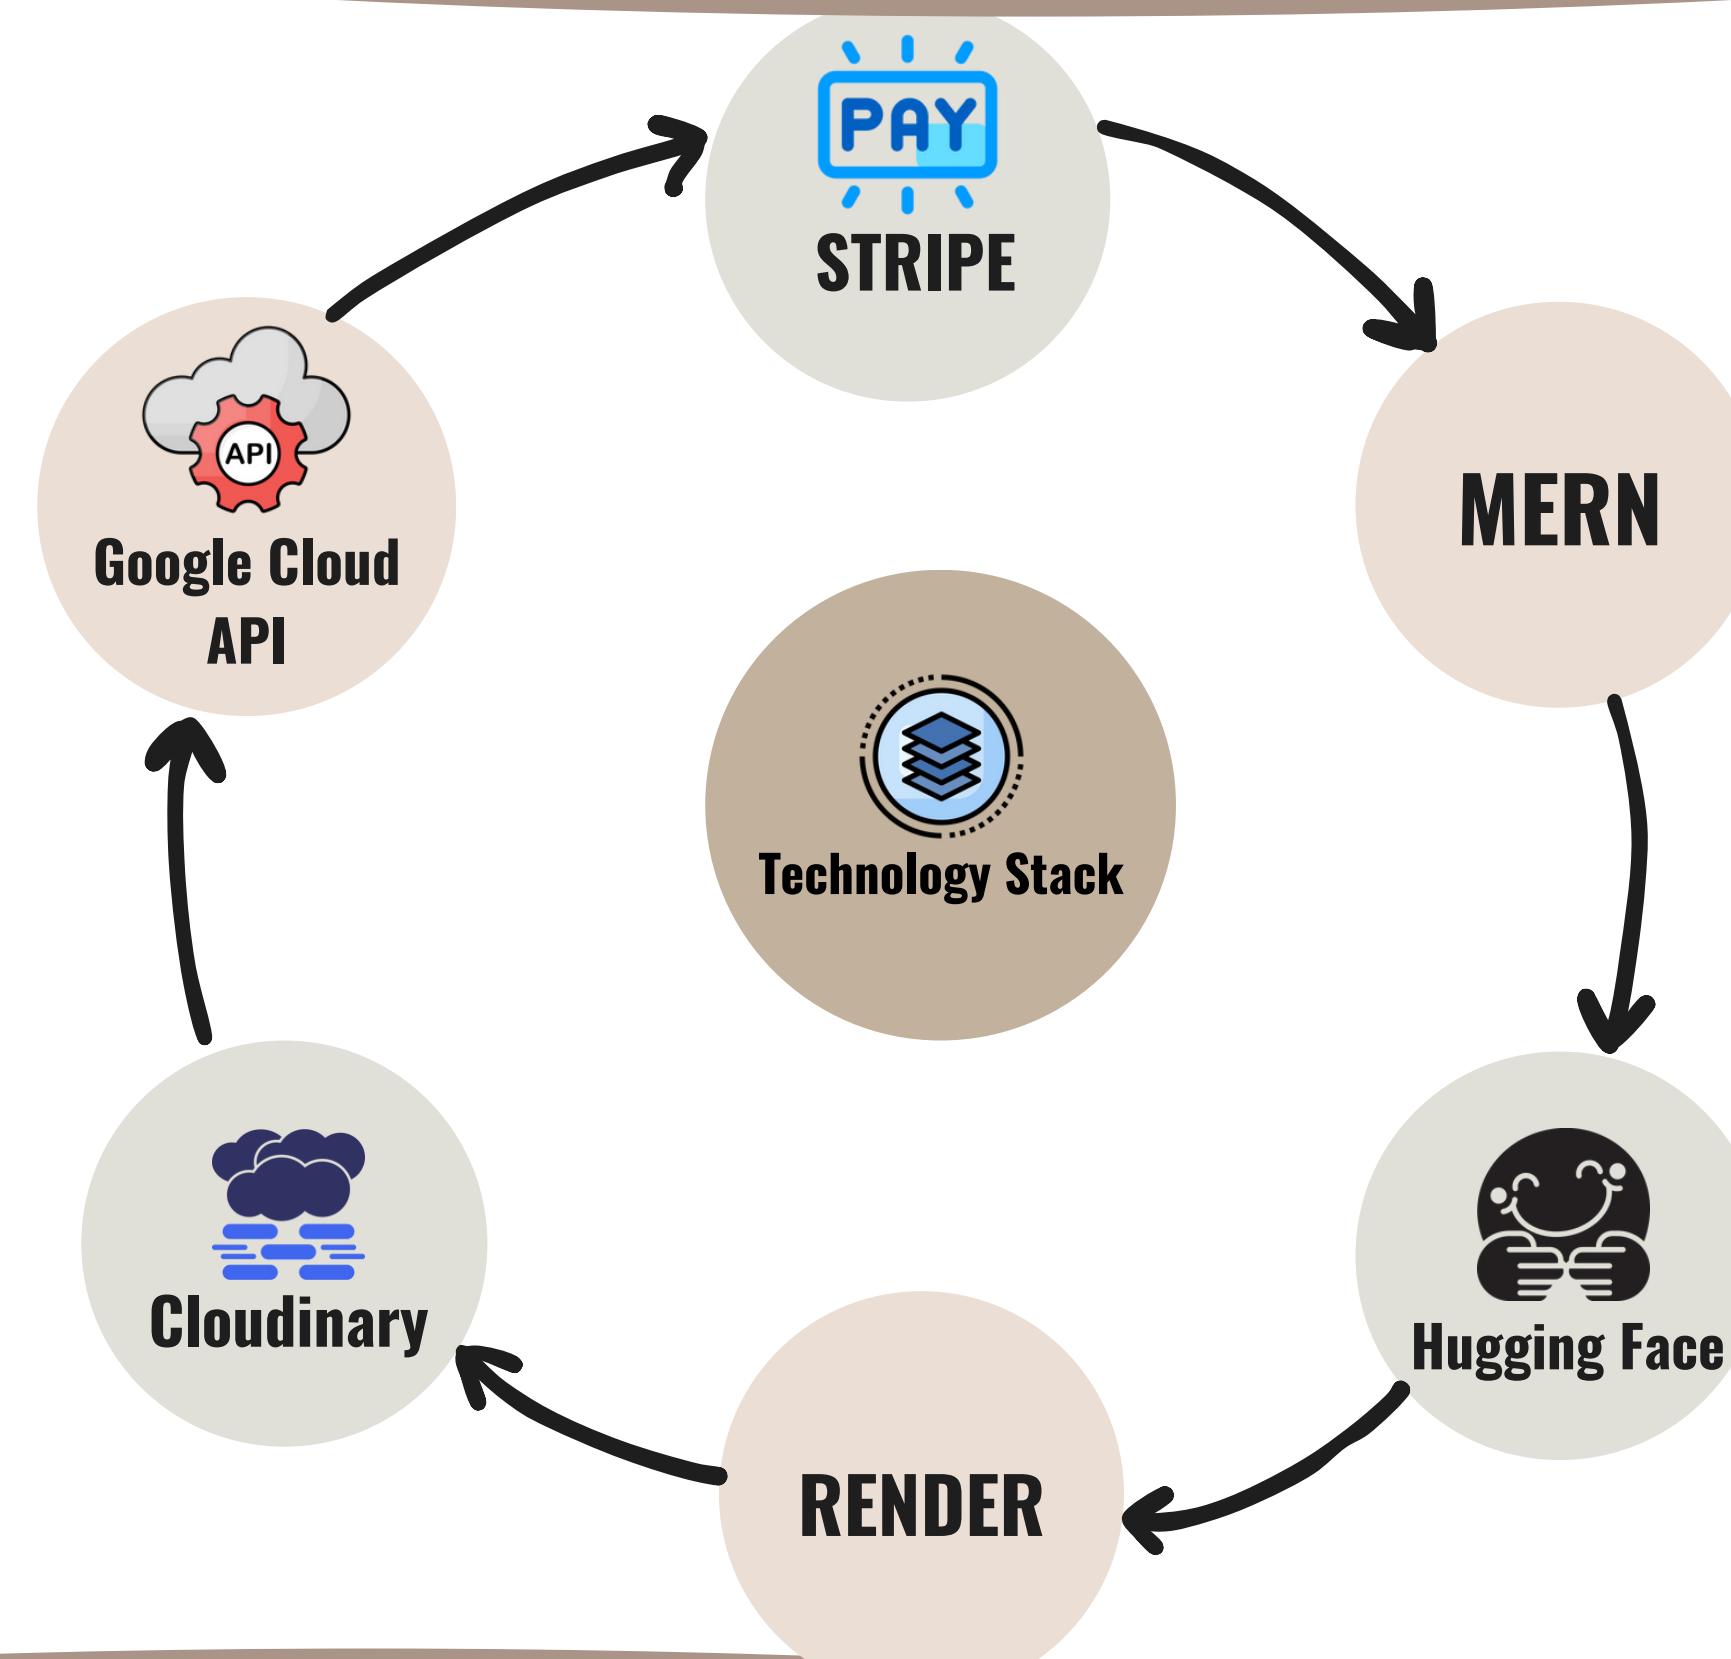

- Adopt or sell pets (requests are reviewed by the admin and followed up via email).
- Book appointments or services (with details shared via email).
- Purchase pet products online (with secure Stripe payments).
- And use a smart chatbot to get instant pet diet tips or home remedies.

Admins receive user requests, process them, and communicate directly via email. The project aims to simplify pet management and enhance digital pet care experiences.

# OUTPUT SCREENS OF USER DASHBOARD

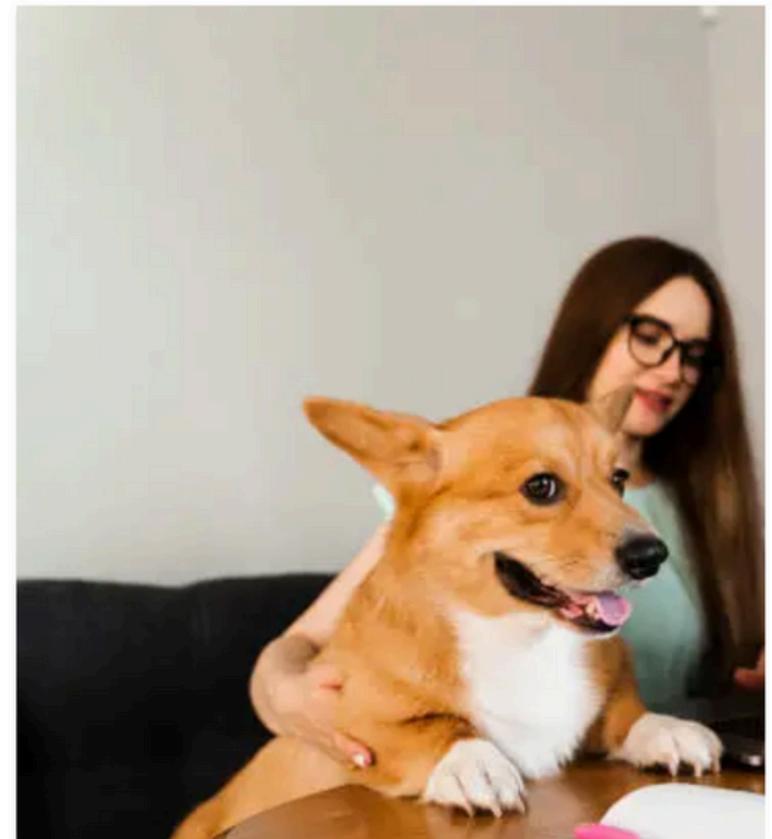

The user dashboard for Paw Connect features a large, warm-toned background image of a dog's face. Overlaid on the top left is the text "Welcome to Paw Connect". Below this, a smaller text reads: "Your pet's best care starts here. Join our loving community of pet lovers and take your furry friend to the next level." At the bottom center is a button labeled "Get Started". The top navigation bar includes links for Home, About, Services, Products, Own Pet, Appointments, Sell Pet, Login, and Signup.

# OUTPUT SCREENS OF ADMIN DASHBOARD

The admin dashboard for Paw Connect is titled "Paw Connect Admin Panel". It includes a sidebar with links for Home, About, Services, Products, Crusal Image, Pets, Application, Appointments, SellPetApplications, Order History, and Settings. The main area is titled "Paw Connect Dashboard" and displays four key metrics: Total Revenue (₹ 20,000), Orders (27), Customers (10), and Products (56). Below these are two charts: "Monthly Performance" (a line graph showing sales and orders from January to June) and "Sales by Category" (a bar chart showing sales for Food, Toys, Healthcare, Accessory, and Grooming). At the bottom, a section titled "Recent Orders" lists three recent purchases with details like Order ID, Customer, Product, Amount, and Status (Delivered or Processing).

Order ID	Customer	Product	Amount	Status
1	John D.	Premium Dog Food	₹89.99	Delivered
2	Sarah M.	Cat Toys Bundle	₹45.5	Processing
3	Mike R.	Pet Shampoo	₹24.99	Processing
